Cash Flow and Taxes – Navigating the Turbulent Times

The start of a new year is a good time to examine your business to make sure your finances are in good shape and that you are aware of the current tax laws.

The NWCB January chapter meeting will help you do this. Our speakers, **Glenn Wattum** and **Jenni Wakida** from **Moss Adams LLP**, will shine the light on some industry best practices related to **maintaining and improving cash flow, working capital and federal taxation opportunities.**

Glenn is a partner and Jenni is a senior manager with over 30 years combined public accounting experience working specifically with construction companies.

Don't miss this critical discussion that will help you steer your direction in these turbulent times.
