NWCB Seeks Nominations for the 2015 Outstanding Project of the Year Awards

Seattle, October 13, 2014 -- Nominations are now being accepted for the NWCB's 2015 Outstanding Project of the Year Awards. You can nominate wall and ceiling projects in the following categories:

- I Interior (residential or commercial)
- II Exterior (single family or multifamily)
- III Suspended ceiling (acoustical)
- IV Light-gauge steel framing
- V Renovation/restoration

The projects nominated must have been completed in the past two years. Projects that have been previously nominated but not selected for an Outstanding Project of the Year Award by NWCB may be resubmitted. The wall and ceiling subcontractor on the job must be a member of NWCB. Anyone can nominate a project.

The nominations deadline is Friday, January 30. The entries need to be complete with a filled-out nominations form, high-quality photos and attached description on the project. All of these components are critical as the winning entries will be featured in print and online media. The awards will be presented on April 16, 2015, at the Westin Mission Hills Golf Resort & Spa in California. The nomination form may be obtained at www.nwcb.org

The purpose of this award program is to showcase the great work of the wall and ceiling industry and to recognize the individuals and companies for their contributions to excellence in construction.

The Northwest Wall and Ceiling Bureau is an international trade association for the wall and ceiling industry, with its headquarters located in Seattle, Wash.
